

## 1. Liste der Zollstellen

Unter diesem Link finden Sie alle in Deutschland ansässigen Zollämter:

Anhand dieser Liste können entsprechend die Eintragungen in Feld 9 „Eingangsort“ der Kontrollbescheinigung vorgenommen werden.

Der Eingangsort kann nun auch nachträglich durch den Importeur, sowie, falls im COI eingetragen durch den Verantwortlichen für die Ladung (RFL) geändert werden. Bisher war dies nur den Landesbehörden und den Kontrollstellen im Drittland möglich. Anbei finden Sie eine Anleitung, wie eine solche Änderung durchgeführt werden kann. Bitte achten Sie bei der Auswahl des Eingangsortes (=Zollamt) unbedingt auf die richtige Codierung.
